REPLIES TO QUIRIES ON KPP PORTAL

TENDER NAME: Tender for the supply of Microchip for stray dogs and Microchip readers For The Year 2025-26

Tender Reference number: BBMP/2025-26/IND0147

S.No	Document Name	Page Number/Section Name	Statement	Query	Replies to queires
1	Other conditions	Page No 35	The Bidder or OEM should have supplied injectable RFID microchips and readers for minimum 2 projects in the area of animal data management projects in India or out side and should have supported minimum one project in the field level RFID MICROCHIP DATA WITH Android based mobile data integration The reference letter or supply order from the client has to be attached	As previously mentioned the ecosystem outside of India differs significantly from the one within the country Furthermore you are making a substantial investment in this technology and planning to implement it here in Bengaluru India Verifying credentials or institutional experience from outside India is often challenging and may not always be reliable or trusted Therefore we respectfully request you to consider the bidders experience only for the quoted items executed with Government departments or Municipal Corporations within India This will enable easier verification ensure authenticity and provide greater confidence in the bidders capability to deliver in the Indian context	Considered. Pl refer addendum
2	Other conditions	Page No 35	The Bidder or OEM should have supplied injectable RFID microchips and readers for minimum 2 projects in the area of animal data management projects in India or out side and should have supported minimum one project in the field level RFID MICROCHIP DATA WITH Android based mobile data integration The reference letter / supply order from the client has to be attached	The ecosystem outside of India differs significantly from the one within the country Furthermore you are making a substantial investment in this technology and planning to implement it here in Bengaluru India Verifying credentials or institutional experience from outside India is often challenging and may not always be reliable or trusted Therefore we respectfully request you to consider the bidders experience only for the quoted items executed with Government departments or Municipal Corporations within India by the bidder only This will enable easier verification ensure authenticity and provide greater confidence in the bidders capability to deliver in the Indian context	Considered. Pl refer addendum
3	Payment	Page No 28 Point No 5	100 percent on the supply and Installation of the Goods as per the specifications and schedule of requirement	Since the requirement is for the supply of Microchips and Microchip reader so payment should be made on supply	Considered. Pl refer addendum
4	RFID Microchip	Page No 31	Technical Specification	To ensure the success of this project and to minimize microchip wastage during the tagging process we respectfully recommend the use of microchips that come pre-loaded into the needle with a security ring mechanism to securely hold the chip in place Additionally the needle should be detachable from the syringe	Not considered

				allowing for proper disposal and recycling in accordance with biomedical waste guidelines	
5	RFID Reader Specification	Page No 33	Global safety standards for RFID Reader	Please consider global safety standards like an EC certificate as we are dealing with dogs and these microchips are implant in the body	Considered. Pl refer addendum
6	SECTION VII QUALIFICATI ON CRITERIA	Page No 36 Point No 1	The tenderer as authorized representative has supplied installed and commissioned satisfactorily at least 30 percent of the quantity similar to the type specified in the Schedule of Requirements in any one of the last three years i e 2022-23 2023-24 2024-25 which must be in satisfactory operation for at least 24 months on the date of tender opening	As the ecosystem outside India is significantly different from that in India and considering that you have already invested substantial funds into this technology for implementation in Bengaluru we respectfully request that experience for the quoted items be considered only with municipal corporations within India This approach will help ensure that the bidders experience is relevant verifiable and aligned with the local context enabling easier evaluation and authentication	Considered. Pl refer addendum
7	TECHNICAL SPECIFICATIO NS of Microchip	Page No 31 Point No 8	Dimension Length less than 12mm	Requesting you to please make it approximant length	Considered. Pl refer addendum
8	Warranty	Page No 20 Point No 14. 4	Upon receipt of such notice the Supplier shall within the period of 7days and with all reasonable speed repair or replace the defective Goods or parts thereof free of cost at the ultimate destination The Supplier shall take over the replaced parts or goods at the time of their replacement No claim whatsoever shall lie on the Purchaser for the replaced parts or goods thereafter In the event of any correction of defects or replacement of defective material during the Warranty period the Warranty for the corrected or replaced material shall be extended to a further period of 12 months	Kindly elaborate on this point so we can understand it in more detail	Self explanatory. For replaced items warranty will beextended for 12 months from the date of replacement.
9	Warranty	Page No 3	Warranty	We kindly request clarification on whether the pricing for the RFID reader should include 3 years of warranty along with an additional 3 years of Comprehensive Maintenance Contract CMC Kindly confirm if both are to be quoted together as part of the financial bid	Bidder should quote seperately for 4th , 5th & 6th year CMC in the portal
